HORIZONTAL STOREGE SILO

AASPA mobail & Horizontal type cement silo is a great solution to make the concrete plants fully mobail and minimize the site preparation & installation costs. Horizontal type silo body is equipped with vibrators ,pneumatic elements and air nozzles to ensure proper cement flow. Thanks to v type horizontal screw conveyor that exists under the silo.cement transfer is realized,silo body is installed on a trailer with double axles and wheels to ensure mobility.

Silo top filter and safety valve installed on the silo roof like in Classical vertical type silos.You can see the general layout,transport informtion and photos of Horizontal Cement Silo by Clicking the relted tabs and you can request a quotation by Clicking REQUEST A QUOTE tabs.
